ORDERS SALE OF THREE STATES LAND

Judgment Awarded to W. A. Gilchrist for Services as Trustee

Sale of the lands in Mississippi and New Madrid counties, formerly owned by the Three States Lumber Co., but during the past several years managed by W. A. Gilchrist as trustee for the individual stockholders in the company, was ordered by Judge Frank Kelly at an adjourned meeting of the Circuit Court here Friday, says the Charleston (Mo.) Enterprise Courier. The decision was awarded W. A. Gilchrist judgment in the sum of \$30,000 for his services as trustee.

The case came into court here about a year ago, when the individual stockholders in the company filed suit to compel Gilchrist to convey title to the lands to new trustees. It being contended that this action had been refused, Gilchrist, on the other hand, filed a claim for his services as trustee, for which he had never received compensation, in an amount approximately \$750,000. The case was heard at the April term of court and arguments were presented later by attorneys to Judge Kelly in Cape Girardeau.

The land involved in the suit comprises about 28,000 acres of virgin hardwood timber lands lying in the southern portion of the county and in the eastern part of New Madrid county, the value of which has been placed at over \$2,000,000. Several years ago, when title to the lands was vested in the lumber company, a suit was filed against the company by J. M. Hays, then prosecuting attorney, under a statute which forbids the holding of land by a company for more than five years without development. The court decided for the State and ordered the sale of the lands, and the decision was affirmed by the Supreme Court on appeal. Meanwhile, the lands had been transferred to Gilchrist, who has since had sole charge of the property.

An appeal from the decision of the court in the latest suit was taken by Gilchrist.

CARD OF THANKS.

We have recently passed through the deepest sorrow of our lives. The shadow of our great bereavement is still dark about our hearts, but the sympathy and deeds of helpful kindness have come to us. For these tokens of true friendship we are very grateful. We trust in the living God and appreciate the loving kindness of our friends more than ever before. May the blessings of God abide upon all who helped us when we stood in greatest need of help.

Mrs. H. G. Shaw and Family.

Mrs. Lydia Chase and little daughter, Francine, who have been visiting Col. and Mrs. C. L. Walker and others since April, are leaving for their home in Reno, Nev., Saturday.

Mrs. W. J. Cook is recovering from a severe attack of malaria fever.

O'BRIEN STOCK COMPANY'S SHOW DRAWS BIG CROWDS

The Humboldt Courier-chronicle has the following write-up about the O'Brien Stock Company that is to show in Hickman all next week:

"Great numbers of Humboldt people have been enjoying the splendid performances of the J. G. O'Brien Stock Company, which is playing a week's engagement here this week. Some of our folks thought when the show's advance advertising announced that the admission price would be only 10 and 25 cents that perhaps the show would not be up to standard. But in this they were mistaken, for the O'Brien Company is one of the very best and cleanest theatrical enterprises that has ever visited Humboldt. The word soon spread that this was not a cheap show, except as to the admission price, and the crowds have been increasing at each performance and the seating capacity of the big tent is being taxed. The feature bill of the week will be presented tonight (Friday), when 'The Seeker of Souls' will be the attraction. This is putting it very strong and means that the show is pleasing the people. They will show here all next week."

TAKEN TO MEMPHIS.

Mr. Conn, a flagman on the C. & M. & G., was stricken with an attack of apoplexy Sunday evening, and the ailment was of such a serious nature that he was put on train that night and carried to Memphis, where it was thought an operation might be necessary to relieve his sufferings.

George Hipstenberg returned last week from Jeffersonville, Ind., where he was called on account of the serious injury to his stepson, Harold Ray. Harold is now reported greatly improved and on the way to recovery.

Miss Halli Polk, who has been the guest of Misses Louise McMullin and Elizabeth DePriest for the past three weeks, returned to her home in Covington, Tenn., Wednesday.

Misses Halli Polk, Louise McMullin, and Elizabeth DePriest and Luby Rogers, John Harper and Ray Hamby were visitors at the Fulton Fair Wednesday.

Mrs. J. R. Moss and two children, Frances and Swan Burns, of Dumas, Ark., are guests of Mrs. C. C. Bondurant and other relatives here.

Miss Helen McMullin has returned from a visit with Miss Edna Polk, in Covington, Tenn.

Miss Kathryn Bondurant is visiting Miss Mary Elizabeth Grant in Mayfield.

Hugh Ed and Buck Cupps of Carterville, Ill., are visiting relatives here.

Mrs. J. C. Ellison and son, Morris, returned to St. Louis Sunday.

J. W. Roney has been on the sick list the past week.

W. J. Monan is spending ten days in Dawson Springs.

FALL FROM BE RESULTS FATAL

Little Winnie Markham Dies

Winnie D. Markham, daughter of James D. Markham, wife, residing about three miles east of Hickman, died in a very unusual manner.

The little girl, it seems, after getting out of bed about 10 o'clock, went to the floor. She had been a violent one and she struck her head, for she was unconscious. The impact, continuing, was made with a physician, but the little girl died. The physician, who was located there, reached the child at 2 o'clock, never regaining consciousness.

It is supposed her death was due to concussion of the brain. She has been advanced as a remote possibility that her neck was broken.

Burial services were held at the Grove Cemetery Monday evening.

LADIES' AID SOCIETY.

The Ladies Aid Society of the Baptist Church had their annual all-day meeting at the home of Mr. and Mrs. Syd Royster last Thursday. The morning was spent in pleasant conversation.

All looking forward to the noon hour, when we would be invited in to the dining room where, from past experiences we know, a feast would be waiting for us. After the noon hour, we gathered in the yard and made pictures.

About three o'clock the regular meeting was called to order by Dr. Pettie. Our treasurer read her report showing what good work the society has been doing. Dr. Pettie then favored us with a much appreciated talk.

Those present were: Mr. and Mrs. Lee Ellison, Mr. and Mrs. Milly Shaw, and daughter, Miss Lella, Mesdames Belle Case, Lena Parham, Mattle Prather, Dee Reid, Iris Leet, Lucy Bondurant, Nina Walker, A. J. Walker, Ada Rice, Julian Choate, Laura Burnett, Margaret, Lavinia Harper, J. W. Roney, Lavinia Harper, Prorow, Dr. and Mrs. A. S. Pettie, Harold Choate, Martha Stephens Muddox, Frank Burris Reid and J. C. Bondurant. Out-of-town guests were Mrs. Jim Moss, of Dumas, Ark., Mrs. Frank Saugster, of Osceola, Ark., and Mrs. Alvin Threlkeld, of Clarkdale, Miss. The day was enjoyed by all.

Miss Eunice Burns left Tuesday for Dumas, Ark., after spending the past year with her sister, Mrs. Dee Reid, and other relatives. She was accompanied home by Mrs. Reid and little son, Frank, who will spend a month with her parents, Mr. and Mrs. Jim Burris.

The Fordney McCumber tariff bill is getting a world of advertising—and of a quite undesirable kind. It's a way the Republicans have of committing political suicide every time they get control of Congress.

Doyle Journey and wife of Cushing, Okla., returned home Monday after a few days' visit here with his mother, Mrs. Avee Journey.

Mrs. Kate Blynn and son, Joseph, left Tuesday for Fresno, Calif., where they will make their home with Ed Hertweck and wife.

Don't forget the ice cream supper given by the Ladies Aid Society of the Baptist Church in the church yard Tuesday night.

Mrs. Perry Cook returned home last week, after a protracted stay at the home of her parents in the Crutcheville neighborhood.

Mrs. Alvin Threlkeld and children leave this week for their future home in Huntington, W. Va.

Dr. and Mrs. J. C. Morrison spent the week-end in Paducah, the guests of Mrs. Morrison's brother, O. H. Shelton.

Mrs. W. C. Johnson and Miss Lou Montgomery left last Thursday for a ten days' stay in Dawson Springs.

Mrs. Ada Hollan has returned from St. Louis and a visit to her daughter, Mrs. Richard Harris, of Paducah.

H. W. Davidson and wife of Greenfield, spent the week-end with L. A. Stone and family.

Budley Curlin left last week for Muskegon, Mich., where he has accepted a position.

Mrs. S. D. Stenbridge has returned home after a visit with relatives in Illinois.

Mrs. W. J. Monan is visiting her son, J. M. Monan, and wife of Mounds City, Ill.

Little Miss Martha Morrison is visiting her aunt in Clarksville, Tenn.

Miss Dorothy Burchett of Memphis, is visiting Miss Ruth Barrett.

FAMOUS FULTON FAIR FUNCTIONS

Rained Out First Day, but Now Going Strong.

The steady rain all day Tuesday interfered with the opening day and caused a postponement of the first day's program until Wednesday. It is thought the rain will be more of a blessing than a setback, for it laid the dust and put the roads in an almost ideal condition for travel for those going to Fulton from the radiating territory. The association was lucky in having a rain insurance policy and will collect a neat sum for being rained out the first day. As usual, the Hickman representation is and will be large, and that is as it should be. The fair has a splendid program, including chess horse races, agricultural displays, a splendid woman's department, all the adjuncts of a good fair, with many innovations. Some of the free attractions are Darc-Devil Chandler, America's premier high diver who will each day make his dip of death dive from the tip of his 100 foot tower into a frail net below, and a "Demon of the Air", who will each day ascend in his mammoth balloon, performing all that is new in ballooning, then releasing himself in his tiny parachute, he floats to safety again.

The Fair Association is also giving away a Ford car and other valuable premiums.

It is a good place to see and be seen—meet your old friends and make many new ones. We advise our readers to take a day a day off and take in the Fulton County Fair—your fair.

CHARLES ALLEN DEAD.

Charles Allen, well known in West Hickman, was rushed to Dyersburg, Tenn., to a hospital on Sunday afternoon for an operation but died Sunday night. Mr. Allen had worked up to Friday, having to go home on Friday from the Vener Mill where he worked, and his condition rapidly became worse. Death is thought to have resulted from a pass collection on his brain, which is thought to have been caused by a slight injury he received several months ago to his ear, when his little son playfully stuck a match in his ear, injuring the inner ear and causing quite a little trouble at that time, requiring the attention of a specialist of years ago, and a highly respected citizen. He is survived by his wife, one daughter, Mrs. John Kemp, and three sons, two of whom are quite small. Burial was had on Tuesday afternoon at the Brownsville Cemetery, with services at the house at two o'clock.

COAL STRIKE OVER.

Four-fifths of the miners who have been on strike since April 1, have returned to work. Indiana and Illinois mines are working full time. Resumption of work has allayed the fear of a coal shortage this winter. W. B. Kavanaugh, one of the big operators said regarding the settlement: "We are happy over the settlement and are conscious of the fact that we have made a good fight, a fight for the public, although we lost. We made the fight in behalf of the public and we surrendered at the demand of the public." Now if the shophen will either go back to work or let those work in peace and security who want to work, everything is ready for business to go on.

ICE CREAM SUPPER.

The Ladies Aid Society of the Baptist Church will give an ice cream supper in the church yard Tuesday night, Aug. 29th. Everybody invited.

Capt. and Mrs. H. T. Slade entertained at a six o'clock dinner on Tuesday evening in honor of Capt. and Mrs. Ferguson, of Memphis, who have been here the past week on the government Steamer, Venus. Capt. Ferguson was the chief engineer of the surveying party here.

Mr. and Mrs. A. A. Faris and daughter, Miss Myra, returned last week from a three weeks' visit with relatives in New Madrid, Mo. They were accompanied home by Mrs. Faris' mother, Mrs. Robbins, of New Madrid, and her sister, Mrs. Conran, who will spend several days here.

Miss Harriett Kline, of Eaton, Ohio, who has been visiting her aunt, Mrs. C. G. Schlenker, left Sunday after a two and a half weeks' visit here. She was accompanied home by Mrs. Schlenker, who will spend several weeks with home folks.

Mrs. J. Mack Reid and little daughter, Jane, returned last Friday from Corinth, Miss., where they have been visiting her sister, Mrs. Sam Taylor, and family for ten days.

Mr. and Mrs. S. M. Naffeh and little daughter, Dorothy King, motored to Paducah Sunday, returning Tuesday, visiting Mrs. Naffeh's sister, Mrs. Jim Jackson, and family.

Mrs. Mollie Threlkeld suffered a light stroke of paralysis last week, affecting her speech. Her sister, Mrs. Dora Kuykendall, of New Mexico, has been attending her.

H. L. Amberg has returned from market, after buying a stock of fall and winter goods.

ALLEGED PURSE SNATCHER IS HELD IN JAIL.

While Mary Wright, colored, and a companion were walking toward town Saturday night, along about the residence of Milton Spradlin, they met a white man going in the opposite direction who snatched the purse of the former and ran. The girls gave the alarm by screaming. In the meantime the fugitive had darted across the street and had lost himself in the darkness.

Officer Ben Neering was informed of the robbery and obtaining a first-hand and almost minute description of the thief, took the trail east to a dance which was in progress in East Hickman. There he picked up Harry Lee Watson, a young white man, who seemed to answer the description almost perfectly. He was immediately arrested and locked up.

The girl's purse contains \$13, a knife and a check. The purse and check were found at the rear of J. K. Brown's lot, but the culprit had taken the money and knife.

Being unable to furnish bail, Watson was held and his exhuming trial is set for Monday.

MANAGING PLANTATION

The Courier is in receipt of a letter from "Bill" Speer, formerly editor of this paper in conjunction with John G. Sexton. Mr. Speer says he is now the managing editor of the plantation owned by him and Mr. Sexton and can't tell whether his crop is going to come out on time or not. So far he has run along without anything getting "pled up", and thinks he will get his cotton to (compress without any trouble, and in time to catch the market right. Mr. Speer compliments The Courier by saying that it is "Better than two letters from home."

STEAMER TAKING SOUNDINGS

The Steamer Venus, a trim little government boat, has been here for some time taking soundings in the river and making surveys of the river bank. Captain Ferguson is in charge of the work. The work they are doing is to determine the necessity of revetting the river bank along the greater portion of Hickman and is in compliance with the request the city made of the Mississippi River Commission at St. Louis. The boat left Wednesday for Cairo, where they will do similar work.

Miss Rosa Beckham left Tuesday for Paris, Tenn., to visit friends and relatives.

LA CLEDE LEASED BY R. L. HORNER

Former Manager of Hotel at McKenzie Leases Local Hostelry.

R. L. Horner, former manager of the Hotel Fay at McKenzie, will take charge of the La Clede hotel in this city the first of September. He has leased the place from Sheriff J. O. West, who has conducted it for many years.

The new manager is a practical hotel man of many years' experience, knows what the traveling public wants and knows how to cater to them in a satisfactory manner. He will no doubt keep the standard up in every way.

Mr. Horner came the first of the week and will be joined by his wife and two little daughters, Anna Dickerson and Mary Louise, in the near future. In the meantime Mr. Horner is familiarizing himself with the surroundings and getting acquainted in a general way before assuming charge.

The Hotel Fay, at McKenzie, which Mr. Horner formerly conducted, was destroyed by fire several days ago.

Smith & Amberg have employed for this fall a new trimmer, Miss Barkdale, of St. Louis. Miss Bourne will also be connected with the millinery department, so this popular store will be better able than ever before to care for their large patronage.

Mrs. Fred Stokes entertained about twenty friends at a picture show party on last Friday evening in honor of Mrs. A. M. Alexander, of Litchfield, Ill. After the show refreshments were served at the drug store.

Miss Edna Fritchard of Dyersburg, and Miss Lyde Rawls, of Halls, Tenn., left Sunday after a two weeks' visit with Mr. and Mrs. E. F. Waters.

Mrs. Blanche Kennedy left Sunday for St. Louis after spending two weeks with her parents, Mr. and Mrs. F. E. Case.

Miss Clara Marguerite Johns, of Corinth, Miss., is visiting her aunt, Miss Jessie Outten.

Mrs. W. J. Spradlin has been visiting relatives and friends in Union City this week.

Miss Rosa Beckham left Tuesday for Paris, Tenn., to visit friends and relatives.

A Safe Place To Trade

For Rent or Sale

My farm, nine miles from Hickman, on Dyersburg Road. About 500 acres in the tract, 175 to 200 acres cleared, all under fence. Will rent entire place for term of years, money rent, or will rent for one year, not less than 100 acres cotton to be planted, for one-fourth crop. Most of the cotton land has been in clover for two years and will make fine cotton, balance fresh land. This year's crop promises now a bale to the acre. Nearly all land in cultivation practically level. Enough beech mast this fall to pay next year's rent. Two good houses, large barn and corn crib.

Or will sell, \$1000.00 down, balance easy terms, 15 to 20 years, 6 per cent interest. Finest stock farming proposition in West Tennessee. Running water all the year. Stock hogs can be carried through the winter with almost no feeding. About 100 acres in clover and grass. Cut 2 1-2 tons of hay to the acre this year.

The right man can make big money on this place.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60¢ per bottle.

XI. CONDENSERS

These appliances are a most important part of a wireless set, as without them the oscillations, even if detected by the instruments, would be very weak and faint. They are divided broadly into two classes known as Fixed Condensers and Variable Condensers, the former being the simplest, and the latter the most efficient. For while a fixed condenser is always of one capacity and can only be increased or decreased by adding to or subtracting from the number of sheets, the variable type may be altered or adjusted at will by a knob or handle, thus tuning or adjusting the receiving circuit exactly as a tuning coil is adjusted, but much more delicately, as the adjustment of a tuning coil consists in shortening the length of coil by jumping connections from one turn of wire to another to alter wave lengths, whereas, the condenser adjustment is slow, even and gradual and alters capacity; but it must not be forgotten that for wireless telephony receiving, both a condenser and some sort of coil or similar device must be employed to get satisfactory results. The simplest form of fixed condenser consists of a number of alternating sheets of tin-foil and waxed paper or mica, the alternate sheets of foil being connected by wires which are in turn connected with the terminals where required.

To make a fixed condenser it is only necessary to lay sheets of tin-foil between sheets of waxed paper and connect them. A very efficient little fixed condenser, to be used by shunting across the receivers of a small set, or as a grid-condenser with a vacuum tube set, can be made as shown in Fig. 25. Have some smooth tin-foil, free from holes or tears, and cut two pieces about one inch in length and one-half an inch wide. Then, from thoroughly waxed paper—which can be purchased or can be made by soaking good quality writing paper in paraffine wax—cut three pieces 2½ inches in length and 2 inches wide. On one of these pieces place a piece of the foil; then cover this with a second strip of paper, place the other strip of foil over this and cover with the last strip of paper. Be very sure that the edges of the tin-foil are well within the margins of paper and are accurately in line or centered. In fact, before placing them, it is wise to draw a square the size of the foil on each piece of paper, spacing it equidistant from edges, and arrange the foil to fit right over the square. If the foil is of flexible stranded wire is best, spread the strands at one end of each piece apart and place one of these frayed and spread ends on the lowest piece

of foil between it and the bottom paper. Next, place the other, frayed and spread the same way, on the upper piece of foil at the opposite end and with a few drops of hot paraffine fix them in place on the edges of the paper. Then, roll the whole, being careful not to displace the foil (this may be secured to each piece of paper with a few drops of paraffine at the edges) and form a small cylinder Fig. 25. Wind the cylinder tightly with fine thread at each end, as shown, or wrap with adhesive tape and dip the whole into hot paraffine. In using this condenser with a crystal set it is only necessary to shunt, or connect it, across your phone receiver wires, but if using it in a vacuum tube set you must use a grid-leak shunted across it. This is merely a piece of cardboard placed between two binding-posts or terminals and with several soft lead-pencil lines drawn across it from post to post. In order to be sure that a good connection is made, draw pencil marks about the holes where posts are to be inserted. The distance between posts should be not over five-eighths of an inch. Sometimes drawing ink (made of carbon, for writing ink will not serve) is used in place of lead pencil, but the latter has the advantage that the line can be varied or adjusted to give best results by means of an eraser.

Variable condensers are much more difficult to make and while any ingenious boy can make them, it is usually cheaper to purchase them ready made. There are two common forms, one known as the sliding plate, Fig. 26, the other as the rotary, Fig. 27. The former consists of a number of metal plates, which slide back and forth in a frame, case or box provided with grooves and fixed plates. The rotary type consists of a number of semicircular plates of metal so arranged as to rotate or swing past a series of fixed discs. In each form, the air spaces between the plates correspond to the waxed paper between the strips of foil on the fixed condensers. By means of either of these two variable forms, fine adjustment of capacity may be obtained. Many people cannot understand the function of a condenser, but, broadly speaking, it is to store up electrical energy and then suddenly release it, as the current passing through is interrupted, varied or broken, or, in other words, to increase the oscillations.

Although most small sets will operate with one is not necessary, yet the variable type will always improve the receiver and will permit much finer tuning than a tuning coil of any type by itself.

THE ORIGINAL "BLUE LAWS"

To hear people "beefing" over proposed blue laws at the present time one might think they were the limit in things unendurable. But compared with the old original, sin-pure blue laws they are a model of broadness and liberality. Here are the blue laws of Connecticut as originally enacted—and enforced:

No food or lodging shall be afforded to an Adulterer, Quaker or other heretic. If any person turn Quaker he shall be banished and not suffered to return but under pain of death.

No priest shall abide in the dominion; he shall be banished and suffer death on his return. Priests may be seized without a warrant.

Married persons must live together or be imprisoned.

Whoever sets a fire in the woods and it burns a house shall suffer death.

Whoever brings cards or dice into this dominion shall pay a fine of five pounds.

No one shall cross a river but with an authorized ferryman.

No one shall read common prayer, keep Christmas or Saints' days, make minced pies, dance, play cards or play any instrument of music, except the drum, trumpet or Jew's harp.

No gospel minister shall join people in marriage. The magistrate only shall join people in marriage, as he may do it with less scandal to Christ's church.

Every male shall have his hair cut round, according to a cup.

No one shall run on the Sabbath day or walk in his garden or elsewhere, except reverently to and from meeting.

No one shall travel, cook victuals, make beds, sweep house, cut hair or shave on the Sabbath day.

The Sabbath shall begin at sunset on Saturday.

No woman shall kiss her child on the Sabbath or on fasting days.

If any man shall kiss his wife, or wife kiss her husband on the Lord's day, the party in fault shall be punished at the discretion of the court of magistrates.

IS PRICE OF GASOLINE

THE CAUSE OF STRIKES?

The root of all this strike trouble may be dug up by the committee, headed by Mr. LaFollette of Wisconsin, which is to investigate the cost of gasoline.

The investigation is to begin at the oil well and reach the filling station, or begin at the filling station and reach the well, says the Louisville Courier Journal.

Gasoline prices are almost as high as they were during the war and in the period of profiteering that followed the armistice.

"Prices" is used advisedly. The price in one state is not necessarily the price in another, and why there is a difference in prices between, let us say, the markets of St. Louis and East St. Louis, or Louisville and New Albany, no motorist knows.

Economists agree that no general depression of wage levels is possible while the necessities of life remain at levels at which constituted the basis of the increase of wages to the levels at which the wage earner would have them remain.

The LaFollette committee may find that the cost of gasoline is the cause of the unwillingness of the wage earner to agree to any proposal that his income be reduced below its war level. A dollar does not go much further, beyond the filling station, than it went in 1920. It goes greatly less than half as far as it went before the war, when motorists got gasoline in Louisville for 10 and 11 cents. And no class in America is more concerned than the striking classes about the cost of automobile fuel.

NOTICE.

All persons interested are hereby given notice that on the 14th day of August, 1922, same being regular County Court day, the undersigned presented to Honorable Chas. D. Nugent, Judge of the Fulton County Court, a petition in which said court was asked to cause a public road to be opened in Fulton County, Kentucky, beginning at a point about one hundred yards east from the Mac Bushart road, where it now intersects the levee road and running direct south for about one and one-half miles to a point where it will intersect the Dadds road at or about W. A. Nipp's house, through and over the lands of Henry Sanger, G. E. Anderson, H. G. Shaw, C. T. Bondurant and L. M. Bushart. Said petitioners requested the said court to appoint viewers, commissioners, and make all orders and judgments necessary for the establishment of said road and to grant all proper relief in the premises.

As Good as Money

Reliable insurance on your farm is like money in the bank. It safeguards your farming activities, putting you on the safe side and paying your losses.

Complete farm insurance provides sure protection against loss. Your crops, building, grain, machinery, household goods and live stock are all subject to loss. All can be insured at this agency of the Hartford Fire Insurance Company. Better look into this now.

BORDER COUNTY NOTES

OHION COUNTY, TENN.

(Union City Commercial)

There were two errors in last week's list of newly elected constables. The corrected list is as follows: District No. 1, D. D. Jones; 2, P. A. Prather; 3, J. R. McCall; 4, W. C. Smith; 5, S. M. Fields; 7, J. R. Hinson; 8, S. J. Call; 10, J. C. Caldwell; 11, H. B. Singleton; 12, W. A. Lee; 13, R. T. Roberts; J. G. Saunders; 14, W. B. Grisham; 15, J. W. Harp. There was a tie in No. 15.

At the Beech Cumberland Presbyterian church, six miles west of Union City, Rev. R. L. Kestley, the popular pastor, is conducting a very successful series of revival services.

Mr. and Mrs. R. C. Moseley and daughter of Hickman spent Sunday with W. H. Cornum and family.

A. J. Haynie, who lives in No. 10, west of Union City, has been making war on the hawk tribe of his part of the county with very fine success. Last February he began trapping for hawks and since then he has captured nineteen of the vicious birds. This is not all the work he has done for the relief of the fowl family. He has also four large owls to his credit. Some of these birds were whined with a gun. It is good work.

Work on the plans for general street improvement really began several days ago, but the contractors are now at work in earnest. The grading and filling of a number of streets have been practically finished with a packing process by the willows-wallopus rolling machine.

An effort will be made to get the women of Tennessee to pay their poll taxes on or before September 7—those who feel inclined to cast a ballot in the November election.

HICKMAN COUNTY, KY.

(Hickman County Gazette)

One of the saddest deaths, perhaps, in years was that of Mrs. E. E. Tarter, which occurred Saturday. Mrs. Tarter was accomplished in many fields, being one of the best of teachers, painted well and was a talented musician. She leaves to mourn her untimely death a husband, baby girl, mother, one sister and three brothers. Burial was at Arlington, after funeral services conducted by the Revs. Abney and Atwood.

Rev. B. J. Russell, who has been conducting a revival at Wesley church, Beelerton, has returned to take up his work as pastor of the Clinton Methodist church. There were twenty-one conversions and thirteen additions to the church.

Quite a surprise to their many friends was the announcement Saturday night that the marriage of Miss Ruby Berry and Wallace McDonald, which occurred some four weeks ago at Fulton. Some of the most intimate friends of the couple were aware of the wedding until it was announced Saturday evening as Mr. and Mrs. McDonald left for a trip to Memphis.

MISSISSIPPI COUNTY, MO.

(Charleston Enterprise-Courier)

Charges that the executive officers of Mississippi county are failing to enforce the laws properly, with special emphasis on what is characterized as a general laxity in the enforcement of the prohibition laws, were made in a report filed in the Circuit Court Friday by the grand jury called by Judge Kelly during the July term of court.

Contract for the building of that part of the Cairo-Poplar Bluff highway from the end of the concrete road west of Bertrand to the New Madrid county line near Morehouse, through Sikeston, was awarded to Norman Davis of Sikeston Monday.

Forty-six trains on the Missouri Pacific system, including the "Sunshine Limited" operating between Poplar Bluff and Bird's Point, were discontinued temporarily Sunday morning because of the coal shortage.

Marriage Licenses: Charles Crigger of Charleston and Hazel Hahn, Lutesville; Lewis Hewlett, West Frankfort, Ill., and Mabel Wood, Tompkinsville, Ky.; J. E. Bennett and Frena Drysdale, Bertrand; Walter L. Beck and Mary L. Davis, Charleston.

The Mississippi county jail, as is customary, was condemned as insanitary and unsafe in the report made by the grand jury to the Circuit Court last week. There is no news in the fact, for every grand jury within the memory of most of us has taken similar action after inspecting the disgraceful shack that answers as a county prison.

Miss Leone Horton spent the week end with friends at Dorena.

Mr. and Mrs. Lou Alexander of Cayce, Ky., have been visiting relatives in this city for the past week.

CALOMEL GOOD BUT TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening. You. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you today's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and cannot salivate.

WORST STREET BECOMES BEST

The street that is now the best in the city was only a short time ago by far the worst in the city. That is the street leading from the power plant up the hill to the new Handle home, which was recently widened, filled in and then properly drained with concrete sewers on each side and a concrete wall on one side. This street was this week scraped and a layer of oil and cinders put down the hill with gravel in front of the Pyle and Henry homes, and is now an attractive street.

NEW ST. LOUIS-NEW ORLEANS BARGE LINE IS ORGANIZED

A dispatch from Cairo, Ill., states that a new St. Louis-New Orleans barge line has been organized there with a capital stock of \$3,500,000. The company will "augment" the Mississippi-Warrior government owned service. According to arrangements the line will begin operating in 30 days. The northern terminal of the line will be in Cairo with Thomas L. Faudree of that city in charge of operations.

SUCCESSFUL TO OPERATION

Mrs. Mary Farmer of East Prairie, Mo., died last week in a Cairo hospital, following an operation for gall stones and appendicitis. Mrs. Farmer was well known in this locality, having been born and reared across the river from Hickman, near Dorena. Her stepfather and one brother live at the latter place.

Mrs. Charles G. Schienker on Wednesday evening of last week entertained a large number of friends from eight to eleven in honor of her niece, Miss Harriett Kline, of Eaton, Ohio. After the games a delightful salad course, iced tea and minta were served. The guests were Mesdames J. T. Stephens, Karl Talley, Herman Bradley, Milton Spradlin, E. Dobson, Joe Engel, F. M. Maddox, A. S. Birnbaum, C. T. Bonduant, T. A. Doyle, W. F. Remmenberg, Swayne Walker, Jessie Dillon, R. B. Coffee, A. R. Stone, R. L. Bradley, D. M. Choate, J. O. West, H. L. Amberg, B. G. Hale, Jr., C. M. Reynolds, Henry Sanger and Misses Ines Luten, Carrie Male and Frankie Reid, Mary Brendes, Julie Jackson and Mildred Ramage. The out-of-town guests were Mrs. Fred Bonduant, of Abilene, Texas, Mrs. A. M. Alexander, of Litchfield, Ill., Mrs. W. C. Reed of Paducah, Miss Pauline Wolfson of Caruthersville, Mo.; Mrs. James Cunningham, of Union City, Mrs. Moss, of Dumas, Ark., and Mrs. Blanche Kennedy, of St. Louis.

We would kindly request any one knowing a news item to bring or telephone it in as early as possible. If it's Saturday, give it to us on Saturday, or even Friday—the earlier the better. Many wait until Wednesday or Thursday to give in items and notices that could just as easily be gotten in much sooner. This crowds us greatly and at times we are regretfully compelled to omit something that limited time, space and the rush incidental to going to press will not permit us to insert. So, for our mutual benefit, we will here repeat the good old maxim, "Do it now!"

J. W. M.'s case has fallen flat. There was a minister in town. The matter was looked into thoroughly and this fact was divulged. J. W. M. is not sincere. In seeking an excuse he got careless and took too much for granted. We are all on to him now. He simply is shunning the entanglements of domesticity while visibly seeking them. His case has been expunged from the records.

"WORLD PEACE" WOMAN'S KEYNOTE

Mrs. Lucia A. Mead Will Speak on Subject Woman's Day at State Fair.

(By Mabel J. Melton)

Louisville, Ky.—"World Peace" and all it symbolizes to the womanhood of the world will be the subject of an address to be delivered by Mrs. Lucia A. Mead of Boston, Mass., as the outstanding feature of Club Women's day at the Kentucky State Fair, Tuesday, September 12.

Mrs. Mead, a clubwoman of international reputation, will be introduced by Mrs. J. B. Reynolds, Paducah, president of the Kentucky Federation of Women's Clubs, at a mass meeting to be held at 4 o'clock Tuesday afternoon in the Horse Show pavilion. Mrs. Mead has made a thorough study of international peace problems. She will bring the result of this study to the women of Kentucky.

Presidents of the various Louisville women's clubs, augmented and assisted by a state committee of representative clubwomen from all sections of Kentucky will occupy prominent places in the pavilion. Each officer will bear the banner of the club represented by her. Louisville women will act as individual hosts to all visitors to the fair during the week. Quantities of flags and potted plants will be used to form a background for the speakers of the day. In playing hosts to the women of Kentucky during State Fair week, the clubwomen of Louisville are prepared to dispense Kentucky hospitality in the "good, old fashioned way." A spacious tent will be located near the street car entrance, close by the famous Kentucky Log Cabin, with its quaint collection of historic relics. This tent will be known as Clubwomen's Tent. Comfortable wicker furnishings, with writing and checking facilities, will be at the disposal of guests. Hostesses will be on duty to welcome all visitors. Four large books will be placed in the tent, and every woman will be invited to register. Just across the way from the Women's tent is situated the Merchants' and Manufacturers' building. The second floor of this building is given over to displays of women's handwork, including needlework, decorative art work and canning and baking.

Through the combined efforts of the clubs of Louisville books containing six admission tickets may be purchased for \$2.00. The regular gate fee is 50 cents. These books may be purchased up to September 8, after which the regulation price will prevail. Those desiring tickets should mail checks to the Kentucky State Fair, 604 Republic Building. These tickets may be used any day. Thus a personal invitation to women of the state to visit Louisville during State Fair week is issued by Louisville club women.

FARM AND HOME NEWS FROM OVER KENTUCKY

Approximately 600 tons of limestone were crushed for Lincoln county farmers during July, according to County Agent C. B. Elston. The material, which will play a part in the soil improvement work being carried on in the county, will be used on a dozen farms during the coming three months.

Campbell county farmers found it profitable to sell this year's wool crop through a pool. County Agent H. F. Link says. The best grade of wool sold through the association which was organized for that purpose brought 43c a pound.

Five Allen county farmers have joined the "Better Sires—Better Stock" campaign being conducted throughout the state by the College of Agriculture extension division and have agreed to use nothing but purebred sires in all their breeding work, according to County Agent A. M. Allen. An effort will be made to enroll fifty farmers of the county in the drive for improved stock.

Grayson county farmers have used a total of 28 carloads of limestone in two months in their efforts to improve soils of the county, according to County Agent R. W. Seacore. They have contracted the entire output of a quarry in an adjoining county.

Interest in better live stock is on the increase in Wayne county, County Agent H. J. Hayes says. Six farmers recently were enrolled in the "Better Sires—Better Stock" campaign, and will use nothing but pure bred sires in all their breeding work, while fourteen pure bred Jersey heifers have just been purchased by farmers in the county and two pure bred Jersey cattle herds started.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 50c.

Jillian Choate, Henry Helm and M. M. Tullos were in Silkeston, Mo., on Thursday and Friday.

Misses Lottie Hampton and Mildred Ramage were in Louisville a few days last week.

Miss Ethel Edmiston is spending a two weeks' vacation in Columbus, Ky., and Martin, Tenn.

DO IT NOW

Hickman People Should Not Wait Until It Is Too Late

The appalling death rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

J. R. Brown, 410 Carroll St., Hickman says: "A number of years ago I strained my back, and at different times since my back has troubled me with sharp pains across my kidneys. As I have known of Doan's Kidney Pills for years, I have always used them when my back has bothered me, and I certainly can say a good word for this medicine."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Miss Christine Smotherman is visiting friends and relatives in Corinth, Miss., and Blytheville, Ark.

Mr. and Mrs. Gordon Stokes and two children are visiting relatives in Water Valley.

Miss Ha Douglas has returned to her home in Tiptonville after a visit here with her aunt, Mrs. Pinkye Kirk.

BEGINS PRISON TERM

Sam Galloway, Graves county deputy sheriff who shot and killed John Rouch the first of the year, was taken to Ed-dyville last week and committed to the Kentucky penitentiary, where he began serving a seven-year sentence for the murder of Rouch.

Society women are an important source of income for the press clipping bureaus, for they are constantly wanting to know what is being written about their social movements, their daughters' engagements and marriages, and so on.

HEAR! HEAR! OIL BOOM AT MONKEY'S EYEBROW

The oil boom that struck Monkey's Eyebrow some time ago is still growing. People in that neighborhood are getting behind it and pushing things right along. The papers for incorporation have been prepared and it is hoped that drilling will begin in a short time.

REMINISCENCES

FIFTY YEARS AGO

An unusual amount of sickness was prevailing in this community.

Hickman buyers were paying \$1.30 to \$1.35 for good quality wheat.

"Myfield has the tallest Greeley and Brown pole in the state."

The corn crop in this section was beginning to suffer greatly for rain.

"The prevailing drought appears to be widespread."

"The Hickman merchants have generally gone East to lay in their fall stocks."

Henry Whiston, a colored resident of Columbus, 50 years of age, was gradually turning white.

"Efforts are being made to organize another brass band in Hickman. Parties desiring to join can give their names to City Marshal Gardner."

"The extreme hot weather has put a quietus on various pleasures in this section."

Officer John Cole took a couple of shots at a man named McFarland, from James Bayou, Mo. The officer and a posse pursued and captured him and landed him in jail.

"Our enterprising friend, William B. Plummer, is about to erect a two-story frame front to his livery stable."

TWENTY-FIVE YEARS AGO

Three striking coal miners were badly hurt in a conflict between workers and strikers in the Pittsburg district.

A revival meeting was held in the wash room of Curley's big distillery at Camp Nelson.

"It is said that frost is the only thing now that can prevent a big cotton crop."

"You don't get as much sugar for a dollar as you did before the tariff bill passed." (The same fact will be applicable again shortly, no doubt, Congress having put a tax, called tariff, on sugar only the other day.—Ed.)

"Spot Cash Clubs" for a crusade against the credit system of doing business, are being organized in some sections.

"With flour going up a dollar a barrel, sugar a cent a pound for the benefit of the trusts, and coal advancing, the consumer will please grin."

"A heavy frost visited portions of Michigan and Indiana Friday night and the mercury fell to 43 degrees."

Elder Mahan of Hickman and Elder Brown of Clinton are conducting a remarkably successful meeting at Poplar Grove church.

"Otte James, the stalwart, is announced for Congress in this district."

"H. F. Renley, an attorney of Hickman county, has located in Hickman for the practice of his profession."

Married—Dorise Harris and Miss Ida McMurray, both of Hickman; Will Fields and Miss Bettie Roper.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

KENTUCKY RANKS SECOND IN NUMBER OF POSTOFFICES

New York state no longer leads in the number of postoffices. The Empire state must yield first place to Pennsylvania, which leads with 2,987 offices. Kentucky is second with 2,568 offices. Then comes New York with 2,289. The postoffice department has just finished grading the states according to the number of offices. California, with 1,581 offices, was tenth in the list; Texas has 2,288 offices; Virginia 2,281; Missouri 1,553; Illinois 1,639, and Ohio 1,605.

Nothing Hidden From X-Rays.

Few organs or parts of the human body are inaccessible to examination by X-rays. The most remarkable advance in this line was the discovery that insoluble opaque salts can be administered to patients in such quantity as to fill the gut, stomach and intestines, so that these hollow organs may be studied with the rays. The "opaque meal" shows their size, shape and position and also reveals their contractile movements.

DOVE WAS THERE, ALL RIGHT

But the Effect on the Congregation Was Not Quite All Preacher Had Expected.

An amusing story is told of a revival meeting held in a church attended by negroes. In order that the revival spirit might be quickened, it was arranged that the preacher should give a signal when he thought the excitement was highest, and through a hole cut in the ceiling over the pulpit the sexton was to throw down a pure white dove, whose flight around the church and over the heads of the audience was expected to cap the climax.

All went well at the start; the church was packed; the preacher's text was "In the form of a dove," and as he piled up his eloquent periods the excitement was intense.

Then the opportune moment arrived, the signal was given, and the packed audience was scared out of its wits on looking up to the ceiling and beholding a cat, with a clothes-line round its body, being lowered over the preacher's head.

The preacher called out to the sexton: "Whur's de dove?"

"Inside de cat!" was the reply.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes, and very queer feelings, and oh, how my head hurt! I read of

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles . . . and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you. Sold Everywhere.
